### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In claim 1, line 12 after "line" insert --of--.

2. The following is an examiner's statement of reasons for allowance: The prior art does not teach or suggest a push switch, wherein, in the thick portion at the junction between the columnar portion and the hollow conical portion a distance from an intersection where an extension line of an outer circumference of the columnar portion and an extension line of an outer circumference of the conical portion cross to an intersection where an outer circumference of the junction and a bisector of a crossing angle formed by the extension line of the outer circumference of the columnar portion and the extension line of the outer circumference of the conical portion ranges from 0.08 times to 0.14 times of a thickness of the conical portion.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
